

Aquavit

Recipe reference **Very Swedish**, Bokforlaget Max Strom, Annica Tribberg, Per Ranubg, Tore Hagman

Ingredients (Makes one 75cl bottle)

3 cups plain vodka
1 tsp anise seeds
1 tsp fennel seeds
Peel of one lemon (washed)
1 cube of sugar
2 sprigs of fresh mint

Preparation

Mix everything in a wide jar. Let stand 2 to 3 days. Strain, then pour into a clean bottle. If you find the taste too pungent, dilute with more plain vodka.
